I would refer back to Congressional testimony. I don't believe we called it an accident though I seem to recall that Sec Jewell may have.

Nancy,

Flagging for your attention. Christy is compressed today. Thanks, George

Hi,

I was wondering if EPA considers the Gold King Mine release an "accident" or not? I only note a handful of instances when the EPA refers to the mine blowout as an "accident" rather than an "incident."

Please let me know. Thanks!

Best,

Mike
